Sorry, I meant to forward this to Sylvia. We're figuring out the logistics of who will be attending the meeting next week.

Unfortunately, both Enrique and I are traveling to DC the entire week of November 27 so next week is best for us as Alexis' committed to NV to reach resolution on the deferral agreement within the next two weeks.

Options for meeting next week:

1. Conference call on Tuesday any time after 10:30am
2. I checked airlines from SF. There is a direct flight from SFO at 10:40 arriving Reno at 11:45am and a return direct at 5:30pm arriving SFO at 6:45 pm. I think there is a value to meet face to face. If we want to meet in person, we can schedule a meeting in Reno from 1-4pm on Tuesday.
3. Either conference call or in person meeting on Wed --less prefer option as it is the day before Thanksgiving☐!

Your thoughts?

Angeles,

I was thinking this would be an initial meeting with the understanding that resolution of some items may hold pending discussion with ARC.

Thanks Greg.

In your previous message you mentioned a series of sequenced meetings

including ARC. Next week, Are you thinking we would have multiple meetings or an initial meeting between NDEP and EPA?

Angeles,

We are available to meet in Carson City next week anytime after 10:30 on Tuesday 11/21 or anytime after noon on Wednesday 11/22.

Please let me know if any of these dates work for EPA. I will prepare a proposed agenda.

FYI, we are confirmed to meet with both YPT and WRPT the morning of 11/22 to discuss Anaconda tribal employment.

Greg

Angeles,

Thank you for the response and the proposal to meet. Unfortunately, Rick Perdomo and I traveling much of this week and are not available at the same time this week so we will have to look for future dates.

To reach closure on the document language and each of parties' threshold concerns, NDEP will be proposing that we schedule a set of discussions between EPA, NDEP and ARC rather than the current back and forth over the remaining issues.

These could involve a series of sequenced meetings between (bilateral) and amongst (multilateral) the parties.

Greg

Importance: High

Hi Greg,

On behalf of Enrique, please find a letter regarding the deferral of the NPL listing of the Anaconda Mine site. The letter proposes that EPA and NDEP sit down in person or on the phone next week to address the remaining issues that need to be resolved before EPA can make a final decision on deferral.

Here are some dates that work for us:

Wednesday, November 15

Thursday, November 16 after 11am

Friday, November 17

Please let me know what works best for you.

Thanks.

Angeles
